

brighter, clearer, more colour-correct view

Our tru-lux light system is more than twice as bright and more closely simulates natural sunlight than the next best. Looking good in natural light means you will look flawless in any setting.

sensor on/off

Automatically lights up as your face approaches the mirror.

never change a bulb

Our LEDs will perform like new after 40,000 hours — that's an hour a day, everyday, for more than 100 years.

rechargeable

Recharges using a standard USB port and cable (included).

20cm wall mount sensor mirror

5x magnification — View your whole face in exceptional detail.

(ST3002 regular, ST3003 hard-wired)

20cm sensor mirror

5x magnification — View your whole face in exceptional detail.

(BT1080)

16.5cm sensor mirror

7x magnification — High detail and wide viewing area for general grooming needs.

(ST3005, available Apr. 2015)

12cm sensor mirror

10x magnification — Extremely close-up view for detail work like tweezing.

(ST3004)

45L rectangular pedal bin with liner pocket

(CW1385 black, CW1386 grey, CW1387 white, available Apr. 2015)

Our new rectangular pedal bin features an innovative 'liner pocket' that keeps liners at your fingertips for a faster liner change. Just slip a liner refill pack into the liner pocket to dispense fresh liners one at a time — no clumsy perforations or unravelling. The bin's stainless steel liner rim grips the liner and keeps it hidden. Strong wide steel pedal is designed to last, and our patented lid shox technology ensures a smooth, silent close every time.

Code K liner refill packs store perfectly in this bin's liner pocket.

50L semi-round pedal bin

(CW1377 stone, CW1378 blue, CW1379 violet, CW1380 fuchsia)

Our semi-round plastic pedal bin has a large capacity that is ideal for busy areas around the home. Its strong steel pedal is designed to last, and our patented lid shox technology ensures a smooth, silent close every time. A slide lock helps keep rubbish in and pets and curious children out.

slim pedal bin

(CW1381 40L stone, CW1382 40L blue, CW1383 10L stone)

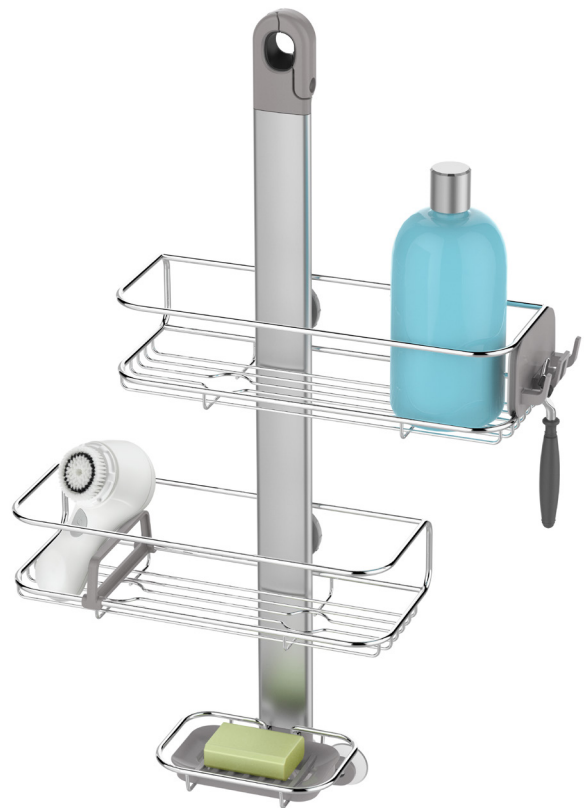

Our slim plastic pedal bin has a space-efficient shape that fits perfectly in tight spaces, like between cabinets. The strong steel pedal is designed to last, and our patented lid shox technology ensures a smooth, silent close every time. A slide lock (40L models only) helps keep rubbish in and pets and curious children out.

adjustable shower caddy

(BT1098, available Jun. 2015)

Our redesigned adjustable shower caddy is sleeker, neater and more secure. The shelves are fully adjustable and even easier to reposition with our new quick-adjust dial. We added a moveable divider to keep small bottles and containers from falling over and the quick-dry soap dish drains water completely so soap stays dry and lasts longer. Installation is secure and hassle-free with a rubberised showerhead clamp and twin pivoting suction cups. Constructed from stainless steel and anodised aluminium so it is rustproof and easy to clean.

code K - 3 refill packs custom fit liners

(20 per pack/60 total)
(CW0260, available Jun. 2015)

One size does not fit all! Our liners are designed to fit each of our bins perfectly so there is no messy bag overhang or bunching — and they never slip. Extra-thick plastic and double-seam construction prevent rips and tears. Strong drawstring handles make the liners easy to lift, tie, and carry.

Refill packs dispense liners one at a time — no perforations or unravelling — and are designed to fit perfectly inside bins with our built-in 'liner pocket' system.
